

***I recently went to my dentist and both the hygienist and dentist gave me spontaneous compliments on my smile. The hygienist said "your smile is marvelous" and the Dentist said "Wow your smile is Fantastic"! I give all the credit to Dr. Feinberg and his staff! As an adult patient, I was completely confident throughout the process that I had chosen the best Orthodontist to give me the smile I wanted. I was delighted with the level of care, commitment and passion for getting my teeth "just right" that I received during each visit. I would recommend Dr. Feinberg and his staff to anyone; and when my son is older, he will be seeing Dr. Feinberg too!***
