Scottsdale, Arizona 85254

Dear Drs. Goldstein and Feinberg,

As you know, our family has had a great experience with your practice. All four of our girls have already required a variety of treatment with our oldest having her braces removed just recently. Your attention to detail and desire to provide the most efficient path of treatment puts me at ease. I have complete trust in your decision making and judgment. The girls are always happy and never hesitant to come for an appointment. Their experience with every person in your office has been positive and friendly. Your punctuality is always appreciated and scheduling is always easy and accommodating to our needs. I cannot imagine a more positive experience anywhere. Our family deeply appreciates you and your staff for your every effort to provide flawless orthodontic care.

Sincerely,

Lauren Cohen
